

All About Your Host Club

Royal Vancouver Yacht Club (RVYC) was founded in 1903 and this IOM World Championship Regatta is part of our Centennial celebration. We are pleased to welcome competitors from all over the world to our Club and the city that will (hopefully) host the 2010 Winter Olympics.

A little about RVYC:

- over 3400 Members
- over 470 sailboats
- 550 power boats
- Two prime facilities are
 - Jericho Station, the venue for this Regatta
 - Coal Harbour in the heart of Vancouver's world famous Stanley Park
 - Both with marina and dining facilities and both locations, while secure will welcome your visit.
- In addition, our seven Outstations, jewels in the Club's crown
 - marina facilities at various prime marine harbours up and down the coast for the enjoyment of members

The Clubhouse at Jericho is our main facility for regattas, parties, meetings and eating and drinking.

Please feel free to visit the many rooms of the Club:

- in particular the Model Room and Veranda where casual dining is popular. The large table in the Model room is 'open seating'; so if you're by yourself feel free to sit down and introduce yourself.
- And our new Star&Dragon ground floor casual dining room
- Anywhere in the Club:
 - be careful to take off your hat and turn off your cell phone, or it may cost you a round of drinks!

Enjoy your stay!

Questions? ...just ask any Staff or Member; they'll be happy to help
