

## Wednesday Night Racing

- If you're hanging around the Club on Wednesday evening you have an opportunity to either watch or crew in our favourite summer activity, Wednesday Evening Racing! Come and enjoy the best mid-week racing on English Bay.
- The Wednesday Night Series runs from late April through early September every Wednesday evening. Racing is on two courses, with PHRF boats and One Design fleets separated. Wind permitting, the One Designs (Martin 242 and 243, J/24, and Dragon classes) enjoy two races in an evening.
- Wednesday Night Racing is well attended and there's a good chance for aspiring crew to come to the Club, find the "crew circle" and pick up a ride.
  - Tip from the top: Increase chances of getting a ride by standing in the crew circle with a six pack under your arm!
    - unless, of course, you're a gorgeous blonde that looks great in a bikini.
- Want to go out and watch?
  - Power boats often go out to spectate (no alcohol involved of course).
  - Alternatives include viewing the race from either the breakwater, the dueck IOM World Championship racing venue, or from the Club deck. Both are superb!
- Post racing: lots of socializing with a Club featured buffet dinner every week.
